Eran Rotem

Full Stack Software Engineer || Python | C# | HTML | CSS |
JavaScript | SQL | APS.NET | Git ||
Chicago, Illinois, United States

Summary

Detail and results-oriented software engineer. Skilled in full-stack development using object oriented programming languages and front end languages such as C#, Python, HTML, CSS, JS, and SQL.

Passionate and self motivated lifelong learner, interested in keeping up with latest developments in tech and much more; with the goal of implementing my new knowledge and skills into my process and code. I'm always striving to be learning new languages and best practices to continually improve as a developer.

Experienced and skilled at:

- collaborating efficiently with other programmers to accomplish objectives on time
- effectively and articulately communicating about programming
- planning, executing, and optimizing elegant and creative logic oriented solutions

Languages/Frameworks: Python | C# | HTML | CSS | JavaScript |
SQL | ASP.NET Core

Unrelated interests/hobbies : Learning spoken languages, playing/practicing music (piano, guitar, midi), game development, working with animals, scuba diving, robotics, AI.

Checkout my website for more info! <https://eranrotem1.github.io>

Experience

Self-employed

ChordFind

March 2023 - Present (2 months)

C# | ASP.NET Core MVC | HTML | CSS | JavaScript | API Integration

Utilizes a chord-scale API to help the user learn piano and guitar chords and music theory based on their input.

Uses C# loops to generate outputs (chord family) based on the users input.

Personal passion project for my own use so will be updated as needed.

Education

TrueCoders

Computer Software Engineering · (January 2023 - March 2023)

University of Colorado Boulder

English and Theater, Creative Writing · (2018 - 2020)
